

Listing of the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Original) A method for selling lighting solutions comprising:
 - installing a lighting system for a customer;
 - measuring lumens generated from the lighting system; and
 - determining a customers light usage fee based on the lumens.
2. (Original) The method of claim 1 wherein the lighting system comprises at least one LED.
3. (Original) The method of claim 1 wherein the measuring of the lumens generated by the lighting system comprises measuring the lumens by at least one photodiode.
4. (Original) The method of claim 1 further comprising:
 - installing an input device to allow customer control of the lighting system.
5. (Original) A method for selling lighting solutions comprising:
 - installing a lighting system for a customer;
 - measuring changes of light spectrum generated by the lighting system; and

determining a customers light usage fee based on the changes of light spectrum.

6. (Original) The method of claim 5 wherein the lighting system comprises at least one LED.

7. (Original) The method of claim 5 wherein the measuring of the changes of light spectrum generated by the lighting system comprises measuring the changes of light spectrum by a photodiode.

8. (Original) The method of claim 5 further comprising:
installing an input device to allow customer control of the lighting system.

9. (Original) The method of claim 1 further comprising:
measuring changes of light spectrum generated by the lighting system;
determining a customers light usage fee based on the changes of light spectrum; and
installing an input device to allow customer control of the lighting system.

10. (Original) A lighting solutions system comprising:
means for measuring lumen output of a lighting system; and
means for determining a fee based on the lumen output.

11. (Original) The lighting solutions system of claim 10 further comprising:
means to allow customer control of the lighting system.

12. (Original) The lighting solutions system of claim 11 further comprising:

means for measuring changes in spectrum of the lighting system; and

means for determining a fee based on changes in spectrum.

13. (Original) The lighting solutions system of claim 12 further comprising:

means for selecting a preprogrammed pattern of light to be emitted from the lighting system;

means for measuring the use of the preprogrammed patterns of light; and

means for determining a fee based on the use of the preprogrammed patterns of light.
